

A208 News – November 2017

Dear Parents,

The students have been working on reading and spelling sight words, identifying rhyming pairs (i.e. mat, bat), listening for the initial and final sounds in words (/c/ - coat, /d/- bed) as well as segmenting and blending two-syllable words (i.e. pur-ple, “purple”). During math, our primary focus has been upon one-digit addition and subtraction, using manipulatives and pictures. The students are learning how to find the greater number and then count up (or back) to find the answer.

Don't Forget!
Students are expected to wear their school uniform on a daily basis.

Please check your child's take home folder and send completed homework back to school.

Upcoming Dates to Remember:

Wednesday November 15th – Report Card Pickup/Parent Teacher Conferences (No classes for students)

Wednesday November 22nd- Friday November 24th – No School (Thanksgiving Break)
