

Chase Elementary Technology Lab A207

September 5, 2017

Dear Parents,

I would like to take this opportunity to introduce myself. My name is Mr. Miguel Santana and it will be my pleasure to be your child's technology teacher for the upcoming school year. Throughout the course of the year, your child will experience a vast number of computer science activities, learn to be a digital citizen, and explore the basics of computing (hardware/software). In the computer science course, we will explore engineering challenges (maker challenges and robotics), which will enhance your child's digital literacy, engineering knowledge, and open an avenue for creative learning.

If there are any questions regarding the technology curriculum, please feel free to contact me via email or at school between the hours of 9:30 am - 10:25 am. Monday through Friday—773-534-4185

Thank you for your hard work and dedication in making your child's learning experience the best possible.

Note: It will be helpful if your child would bring his/her own headphones. This will alleviate the need for constant replacement of broken or lost earpieces. Thank you...

Sincerely,

Miguel Santana

Chase Elementary Technology Lab A207

05 de septiembre de 2017

Queridos padres,

Me gustaría aprovechar esta oportunidad para presentarme. Mi nombre es Sr. Miguel Santana y será mi placer de ser el maestro de tecnología de su hijo/a para el próximo año escolar. A lo largo del curso del año, su hijo/a va a experimentar un gran número de actividades de computación, aprenderá a ser un ciudadano digital, y explorar los conceptos básicos de la computación (el sistema electrónico y la programación interna). En el curso de computación, vamos a explorar los retos de ingeniería (fabricante desafíos y robótica), lo que mejorarán el aprendizaje digital de su hijo/a, los principios esenciales de la ingeniería electrónica, y abrirá una vía para el aprendizaje creativo.

Si hay alguna pregunta relacionada con el plan de estudio de la clase de computación, no dude en ponerse en contacto conmigo por correo electrónico o por teléfono a la escuela entre las horas de 9:30 am - 10:25 am. De lunes a viernes-773-534-4185

Gracias por su gran trabajo y dedicación en la hacer el aprendizaje de su hijo/a lo mejor posible.

DIGITAL CITIZENSHIP

- Think Before You Post!**
Be aware of the long term affects of posting something online. Everything you post will be recorded and accessible for others to find in the future.
- Use Common Sense**
Listen to your gut, if something doesn't seem right it probably isn't. Be cautious of new people you meet online and of the information you share. Make sure you are in a safe, open, online environment
- Don't Be A Bully!**
Cyber bullying is serious and can affect a persons life. Don't be a bully and let a teacher or adult know if you are a victim of cyber bullying.
- Don't Post Personal Information**
Be cautious of what you post about yourself. Think about what you want people to know about you and what you would rather be kept private. Anything you post will be available for anyone to access.
- Protect Your Reputation**
Do not post anything of yourself or others that will negatively affect anyone in anyway. You are in control of your digital reputation, respect yourself and others.
- Keep Your Password Private**
Do not give out your password to anyone. Be sure your password is secure and not easy for others to figure out. Keep this information safe and private.

make information beautiful

Pause & Think Online

- Keep private information to yourself.
- Tell an adult if something makes you uncomfortable.
- Be kind online.
- Listen to your gut feelings to stay safe online.

Nota: Será de gran ayuda si su hijo/a traería sus propios auriculares. Esto aliviará la necesidad de reemplazo constante de auriculares rotos o perdidos. Gracias...

Sinceramente,

Miguel Santana
